We Build Great
Medical Facilities

Building on a Tradition of
Excellence & Integrity.

www.coonrod.com

We understand the special requirements of medical facility construction. Our experience gives you the assurance of a job completed on time, within budget and with the quality you expect.

Specialized Construction Services for Medical Facilities

We've been building great medical buildings across the Midwest since 1984. Our construction services and construction management processes assure our customers of a job well done.

Our business is built on a tradition of excellence as a result of personal accountability, state-of-the-art value engineering processes, and a commitment to quality that is second to none. An example of this commitment is the fact that one of our top management team members is personally responsible as the Project Manager on each of our construction projects.

Whether you need an addition to an existing building or an entirely new facility, we have the integrity, experience and commitment to do the job.

Other Markets We Serve

Educational Facilities • Disaster Reconstruction • Office Buildings
Commercial & Industrial Buildings • Athletic Facilities
Water Storage Reservoirs • Warehouses
